PROJECT EXPERIENCE

● Project LASER | Lead Developer (School Management System)

Las Piñas East National High School

- Developed a comprehensive school management system for Las Piñas East National High School.
- Optimized administrative workflows, functioning similarly to a localized enterprise resource planning (ERP) tool.

● Digital Learning Resource Center | Full-stack Developer

- Created a centralized management system for educational resources to improve accessibility for students and faculty.
- Designed a responsive user interface ensuring an optimal viewing experience across all devices.

WORK EXPERIENCE

● Teacher 1 (Mathematics) | Las Piñas East National High School

August 2023 – May 2026

- Spearheaded the development of school-wide digital management systems, including Project LASER.
- Integrated digital tools into the mathematics curriculum to enhance student engagement.
- Managed student data and performance metrics with high accuracy.

● General Education Instructor | Saint Francis of Assisi College

February 2025 – December 2025

- Facilitated comprehensive general education courses for diverse student groups.
- Assessed student progress through structured testing and fostered an interactive learning environment.

● AI Trainer (Mathematics) | Outlier.ai

August 2024 – December 2024

- Trained and evaluated AI models on complex mathematical concepts and problem-solving reasoning.
- Verified generated outputs for accuracy, logical consistency, and step-by-step mathematical proofs.

SKILLS SUMMARY

◆ Web Development

HTML5, CSS3, JavaScript, Responsive Web Design, Node.js, Express.js, MongoDB, React.js, Vue.js.

◆ Mathematics & Analytics

Advanced Mathematics, Statistical Analysis, Logic.

◆ Tools & Technologies

Git, Github, Version Control, AI models (Gemini, Claude, ChatGPT), Microsoft Office Suite, Google Workspace.

◆ Soft Skills

Leadership, Analytical Problem Solving, Project Management, Decision Making.

CERTIFICATIONS & AFFILIATIONS

◆ Data Science & Analytics ✓

Data Analytics Essential (2026) & Introduction to Data Science (2026) – Cisco Networking Academy.

◆ Development ✓

Responsive Web Design – freeCodeCamp (May 2024) | Full-Stack Web Development Bootcamp – Udemy (May 2023).

- **Mathematics Online Tutor | Entheon Institute**
— June 2023 – May 2024
- **Highschool Mathematics Teacher | Grace Christian College**
— August 2019 – June 2023
- **College Instructor | Asian College**
— June 2016 – May 2019
- **Data Engineering Associate | Evolve Discovery**
— May 2015 – May 2016
- **General Education Instructor | Asian Institute of Computer Studies**
— June 2009 – May 2015

EDUCATION

Master of Arts in Education, Major in Mathematics

University of Perpetual Help System Dalta | Jan 2026 – Present

Bachelor of Science in Mathematics

Polytechnic University of the Philippines | June 2005 – Dec 2009

Professional ✓

Licensed Professional Teacher –
PRC (September 2017).

Memberships ✓

Philippine Statistics Authority Inc.
(March 2026) | Educators
Research and Innovation
Organization (ERIO) Inc. (February
2026).
